

IAgrE Western Branch AGM & Lecture

To Stage V Emission Legislation and Beyond

**The IAgrE Western Branch are pleased to host a lecture by
Andrew Wolton and Rob Edwards from Kubota UK**

The knock on effects of ever reducing particulate emission regulations provide machinery manufacturers with numerous challenges. Overall engine size, operational life and maintainability all have considerations to preserve output within budget. Kubota has as its strapline "For Earth, For life", and therefore is a global innovator of engineering solutions to meet stricter compliance targets. The Western branch AGM on the 14th March welcomes Andrew Wolton and Rob Edwards from the UK Kubota team to give us an update of how agricultural equipment design is adapting to providing cleaner air leaving the exhaust

Date: Wednesday, 14 March 2018
Time: AGM: 6.30 pm Lecture: 7.00 pm
A light buffet will be available before the lecture
Venue: Royal Agricultural University,
Cirencester, Gloucester, GL7 6JS

*To register for this event please contact Branch Secretary:
Mike Whiting 07751 315580 or mike.whiting@newmac.org.uk*

Event hosted by the Institution of Agricultural Engineers

**Western
Branch**
