

Advanced Practitioner in Agricultural Engineering
Full-time, permanent
Salary: Competitive

We are looking for an enthusiastic individual to deliver Agricultural Engineering Training on a variety of programmes up to level 3.

The ideal candidate should have a minimum of a level 3 qualification in a relevant engineering subject, with knowledge of service, maintenance, diagnostics and repair of heavy machinery systems, and with experience of course management in a further education setting.

Furthermore, you will need to be highly organised and a good communicator across a broad age range, flexible in your approach and competent with IT.
