

## **Design Manager**

**Location: Teagle Machinery, Blackwater, Truro, Cornwall TR4 8HQ.**

**Job Summary: Teagle are looking for a Design Manager to lead its successful design team producing world renowned product and design**

### **Job Outline:**

Due to significant and continued growth, Teagle Machinery Ltd is now looking to expand its Research and Development (R&D) activities resulting in this newly created role for a Design Manager to join a business passionate about product development.

We are looking for an inspirational, well organised, resourceful and innovative Design Manager with extensive experience of engineering design. A good team player and motivator, the candidate must be capable of taking the initiative and working autonomously.

The Design Manager will report to the Engineering Director and be responsible for all aspects of the engineering design team.

### **Job Description**

#### **Role**

Leadership and management of the product development function within the business.

Work with the sales team to take customer product requirements and turn them into cost effective products that are reliable.

Manage the product design and release process; design changes; product compliance requirements and drive cost out of the process without compromising on product performance and quality.

Liaise with the production engineering team as and when required.

Develop and grow the Engineers within the team.

Provide regular updates and highlight issues in a timely fashion to the Engineering Director

#### **Skills**

##### **Essential**

- A recognised degree or similar level mechanical engineering qualification
- Very experienced Solidworks CAD and PDM system user or equivalent.
- Proven mechanical design experience in manufactured machinery.
- Experienced in design for manufacture (DFM) and design for assembly (DFA) methodology
- Experienced in cost reduction by design methods
- Proven team leader & supervision skills
- IT literate and competent in the use of various software packages e.g. Microsoft Office
- Full, clean driving licence and current passport/travel document.
- Eligibility to live and work in the UK

##### **Beneficial**

- An understanding of the application of machinery in Agriculture
- Experience of an ERP system.

**Personal Attributes:**

- Meticulous attention to detail.
- Strong written & verbal communication skills with the ability to communicate at all levels of the business including customers.
- Self-motivated and the ability to motivate others.
- Flexible approach to working hours and travel when required.
- Conscientious and committed to achieve.
- Adaptable and decisive with good initiative.
- Able to remain calm under pressure, addressing issues in a timely manner and working to resolve them methodically.
