

Institution of
Agricultural
Engineers

West Midland Branch

Tuesday 9 April 2019

Will robots eventually do everything?

Speaker - **Graham Higginson**

Harper Adams University

7.30 pm Friends Meeting House, 37 Maidenhead Road,
Stratford upon Avon CV37 6XT

Graham Higginson will describe some of the recent experiments that his university have been doing such as **laser weeding**, **strawberry harvesting** (see picture of a prototype) and an update on the progress of the very successful '**Hands Free Hectare**' project.

The talk will be preceded by the branch AGM and the inspirational '**Presidents Address**' to all engineers in the land based industries

All, and especially non-members, are welcome

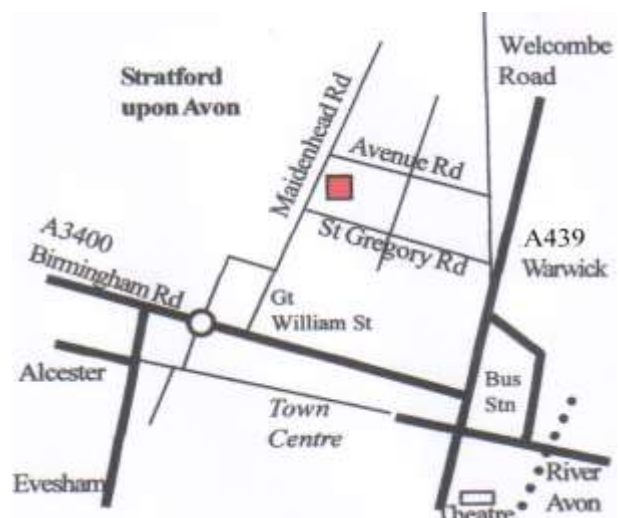

Light refreshments will be served

Information Officer: William Waddilove

Chairman: Ian Moore:

Don't forget serving on a committee is CPD and looks great on your CV. Now is the time to offer to serve on the committee.

We recommend approaching via St Gregory's Rd
