*IMPORTANT INFORMATION ON
PRIVACY AND DATA PROTECTION FOR
ALL IAGRE MEMBERS*

PLEASE READ

Dear Member

Privacy and Data Protection

You will no doubt be aware of the new General Data Protection Regulations (GDPR) which will be enforced from May 2018. The purpose of this letter is to explain what IAgRE has done to respond to these requirements, what you need to do to help us, and importantly, to reassure you that your institution has put into place the necessary checks and balances.

It is important that you know that IAgRE started from a high level of compliance. We never share you data outside the institution. The safety of your personal data is, and remains our priority.

1. Policies and Procedures

All relevant IAgRE Policies and Procedures have been reviewed and updated in line with the latest GDPR requirements. These were approved by the IAgRE Trustees at the Executive Meeting in January 2018. These have been uploaded to the IAgRE Website for your reference.

To read these, please visit <http://iagre.org/privacy-&-data-protection> to view the following:

- Privacy Policy
- Personal Information Protection Policy Statements
- Data Protection Policy
- Data Security Breach Policy
- Password Policy

2. Your consent to receive information from IAgRE

We have determined that as a signed up IAgRE member who continues to pay your annual subscription, then IAgRE has a legitimate interest in continuing our communication with you such as sending you Landwards, news, emails and other relevant communications. However, whenever you interact with us, we will continue to reaffirm your consent to receive information and communications from IAgRE. This will be through a simple on-line system.

3. Data Permissions

Members are able to log into the Members Area of the IAgRE Website and search for other IAgRE members. In the past, this search would list members and their personal contact details. This has been changed so that the default search will only display the name and post nominal details as shown below:
