Workshop on the Apprenticeship Standards in Landbased Engineering

Date: Tuesday 10 July 2018

Location: Warwickshire College – Pershore Campus (at the kind invitation of the college)

The purpose of the event is to bring those people involved with the planning, recruitment, delivery and assessment of the “Landbased Service Engineer” and “Landbased Service Engineering Technician” apprenticeship standards up to speed on the new standards, their contents and assessment; together with an overview of the expectations for quality and delivery set out by the landbased engineering industry and wider stakeholders.
