

SILSOE RESEARCH INSTITUTE
DIVISIONAL NOTES 1968- 2003
(all titles except visit reports)

ADLEY, N. J. D.

(1992) Evaluation of an artificial teat.
Divisional Note (DN 1649), Silsoe, UK:
Silsoe Research Institute, 17pp.

ALDRICH, R. A., SHARP, J. R.

(1986) Structural design of the IER
vertical south roof greenhouse.
Divisional Note (DN 1376), National
Institute of Agricultural Engineering,
Silsoe, 16 pp.

AMBLER, B.

(1970) Potato store data logger.
Divisional Note (DN/I/020/3040), National
Institute of Agricultural Engineering, Silsoe,
7pp.

AMBLER, B.

(1983) An ultrasonic furrow detection system
for use in automatic ploughing. Divisional Note
(DN 1205), National Institute of Agricultural
Engineering, Silsoe, 19pp.

AMBLER, B.

(1986) A review of particle size measurement
techniques that could be used in the food
processing industry. Divisional Note (DN 1372),
National Institute of Agricultural Engineering,
Silsoe, 25pp.

AMBLER, B., HALL, J. A., HOOPER, A. W.

(1972) A grain recirculating rig for the
evaluation of flowmeters. Divisional Note
(DN/C/242/1011), National Institute of
Agricultural Engineering, Silsoe, 19pp.

AMBLER, B., HARRIES, G. O.

(1976) Headland ranging equipment for field
machinery. Divisional Note (DN/C/686/1005),
National Institute of Agricultural Engineering,
Silsoe, 11pp.

AMBLER, B., HARRIES, G. O.

(1980) A microprocessor based controller for
automatic tractor guidance. Divisional Note
(DN/IR/1043/04001), National Institute of
Agricultural Engineering, Silsoe, 22pp

AMBLER, B., HARRIES, G. O.

(1981) Microprocessor based controller for
automatic tractor guidance. Divisional Note
(DN/IR/1043/04001), National Institute of
Agricultural Engineering, Silsoe, 22pp.

AMBLER, B., HARRIES, G. O., HOOPER, A. W.

(1975) A photo-electric seeding detector and
its application to rowcrop thinning. Divisional
Note (DN/C/546/1607), National Institute of
Agricultural Engineering, Silsoe, 11pp.

AMBLER, B., HOOPER, A. W.

(1973) An experimental continuous weigher -
II. Divisional Note (DN/C/379/1016), National
Institute of Agricultural Engineering, Silsoe, 16pp.

AMBLER, B., HOOPER, A. W., HUGHES, M. T.

(1976) An electronic recording instrument for
the grain flowmeter. Divisional Note
(DN/C/535/1011), National Institute of
Agricultural Engineering, Silsoe, 11pp.

AMBLER, B., MEEKS, I. R.

(1970) An instrument to measure tractor seat
transmissibility. Divisional Note (DN/I/19/70),
National Institute of Agricultural Engineering,
Silsoe, 11pp.

AMBLER, B., MEEKS, I. R.

(1972) Time control unit for selective thinning.
Divisional Note (DN/C/206/1607), National
Institute of Agricultural Engineering, Silsoe,
18pp.

AMBLER, B., STANSFIELD, J. R.

(1974) Equipment for automatic measurement
of fluorescent deposits on leaves and paper strip.
Divisional Note (DN/C/489/1905), National
Institute of Agricultural Engineering, Silsoe, 23pp.

ANDREWS, R., BAILEY, B. J., COTTON, R. F.

(1982) The effect on glasshouse light
transmission of covering the walls and floor with
plastics materials. Divisional Note (DN 1122),
National Institute of Agricultural Engineering,
Silsoe, 12pp.

ARCHER, J. E., AUDSLEY, E.

(1988) An operational analysis of the
economics of set-aside. Divisional Note (DN
1471), AFRC Institute of Engineering Research,
Silsoe, 22pp.

ARCHER, J. E., AUDSLEY, E.

(1988) An operational analysis of the
economics of set-aside as a rotational green
fallow. Divisional Note (1486), AFRC Institute of
Engineering Research, Silsoe, 25pp.

ARMSTRONG, M. C.

(1974) Mechanical engineering modifications
to feeding system at Bridgets EHF 1972.
Divisional Note (DN/D/364/1015), National
Institute of Agricultural Engineering, Silsoe, 17pp.

ARMSTRONG, M. C., CROWTHER, J. S. W.,
TURNER, M. J. B.

(1974) Modifications and operational experience on the cattle feeding installation at Bridgets EHF. Divisional Note (DN/C/522/1015), National Institute of Agricultural Engineering, Silsoe. 13pp

ARNOTT, S. K.

(1987) Soil moisture measurement by microwave attenuation. AFRC IER Divisional Note (DN 1433), Silsoe: AFRC IER 16pp.

ASPINALL, G.

(1981) The details of a computer program to calculate the heat exchange between an enclosed tractor cab and its environment. Divisional Note (DN 1074), National Institute of Agricultural Engineering, Silsoe, 18pp

AUDSLEY, E.

(1982) A model of an horticultural enterprise to evaluate irrigators and transplanters. Divisional Note (DN 1117), National Institute of Agricultural Engineering, Silsoe, 76pp

AUDSLEY, E.

(1984) The economic consequences on the farm of a ban on straw burning: Farm profit and practices. Divisional Note (DN 1234), National Institute of Agricultural Engineering, Silsoe, 31pp

AUDSLEY, E.

(1984) A model of grass cutting and grazing for a dairy herd used to calculate the value of grass regrowth after conservation and the effect of quotas on profit. Divisional Note (DN 1241), National Institute of Agricultural Engineering, Silsoe, 48pp

AUDSLEY, E

(1985) The effects of field burning restrictions, straw incorporation and alternative uses as fuel, fibre or feed on the amount of field burning and the supply and demand for straw. Divisional Note (DN 1307), National Institute of Agricultural Engineering, Silsoe, 66pp.

AUDSLEY, E.

(1986) Cost benefit of mower conditioner research. Divisional Note (DN 1340), National Institute of Agricultural Engineering, Silsoe, 19pp.

AUDSLEY, E.

(1987) The value of conditioning calculated from the 1986 ADAS experiments. Divisional Note (DN 1416), AFRC Institute of Engineering Research, Silsoe, 11pp.

AUDSLEY, E.

(1988) The optimum level of nitrogen

application on arable crops and the effect of nitrogen quotas. Divisional Note (DN 1441), AFRC Institute of Engineering Research, Silsoe, 33pp.

AUDSLEY, E.

(1988) Predicting ruminant dry matter intake from degradation characteristics using mathematics. Divisional Note (DN 1472), AFRC Institute of Engineering Research, Silsoe, 6pp.

AUDSLEY, E.

(1988) Value of harvesting chaff from wheat and barley. Divisional Note (DN 1463), AFRC Institute of Engineering Research, Silsoe, 5pp.

AUDSLEY, E.

(1989) Comparison of means from time-stream data. AFRC IER Divisional Note (DN1548), Silsoe: AFRC IER 5pp.

AUDSLEY, E.

(1989) The value of a combine harvester hour. AFRC IER Divisional Note (DN 1554), Silsoe: AFRC IER 25pp.

AUDSLEY, E.

(1989) The economics of whole crop cereals harvesting. AFRC IER Divisional Note (DN 1555), Silsoe: AFRC IER 29pp.

AUDSLEY, E.

(1991) The profitability of the one-year set-aside scheme. Divisional Note (DN 1629), Silsoe, UK: Silsoe Research Institute, 8pp.

AUDSLEY, E.

(1991) A method for selecting the optimal crops to satisfy a market requirement. Divisional Note (DN 1636), Silsoe, UK: Silsoe Research Institute, 16pp.

AUDSLEY, E., FIALA, M.

(1989) Electricity production by wood gasification: an initial economic assessment. AFRC IER Divisional Note (DN1551), Silsoe: AFRC IER 19pp.

AUDSLEY, E., PARKE, D., LOADES, C.

(1981) Effect of sugar beet spacing and establishment on yield - A simulation model study. Divisional Note (DN1028), National Institute of Agricultural Engineering, Silsoe. 16pp

AUDSLEY, E., SELLS, J. E., BOON, A.,
ANDREASEN, L., GYLLING, M.

(1992) Draft description of the whole crop biorefinery system. Divisional Note (DN 1635), Silsoe, UK: Silsoe Research Institute, 32pp.

BAILEY, B. J.

(1984) Recovering heat from boiler flues.

Divisional Note (DN 1231), National Institute of Agricultural Engineering, Silsoe, 17pp.

BAILEY, B. J.

(1989) Thermal screen project at Buntings Nursery - Analysis of heat use 1986/87. Divisional Note (1506), Silsoe; AFRC Institute of Engineering Research, 18pp.

BAILEY, B. J., COTTON, R. F.

(1980) Glasshouse thermal screens: influence of single and double screens on heat loss and crop environment. Divisional Note DN/G/982/04013), National Institute of Agricultural Engineering, Silsoe, 17pp.

BAILEY, B. J., COTTON, R. F.

(1980) Glasshouse thermal screen development farm project, second season: heat consumption and environment. Divisional Note (DN/G/1038/04013), National Institute of Agricultural Engineering, Silsoe, 15pp.

BAILEY, B. J., ELLIS, R. G.

(1989) The potential for using combined heat and power(CHP) in greenhouses. Divisional Note (DN 1523), Silsoe; AFRC Institute of Engineering Research, 15pp.

BAILEY, B. J., SMITH, R. A.

(1977) Heat metering in glasshouses. Divisional Note (DN/G/839/04013), National Institute of Agricultural Engineering, Silsoe, 10pp.

BAKER, D. E., O'DOHERTY, M. J.

(1982) Equipment to measure the force and energy required to cut stems of forage. Divisional Note (DN 1111), National Institute of Agricultural Engineering, Silsoe, 17pp.

BAKER, D. E., O'DOHERTY, M. J.

(1989) Field experiments to compare wear of materials used in multiple impact mowing. AFRC IER Divisional Note (DN1497), Silsoe: AFRC IER 23pp.

BARBER, E. M., DAWSON, J. R.,

BATTAMS, V. A.

(1990) Some notes on the use of filter type dust mass samplers in livestock buildings. Divisional Note (DN1574), Silsoe: AFRC Institute of Engineering Research, 28pp.

BARBER, E. M., DAWSON, J. R.,

BATTAMS, V. A.

(1990) Effects of sampler orientation and positioning within the building on dust measurements in a piggery. Divisional Note (DN 1573), Silsoe: AFRC Institute of Engineering Research, 40pp.

BARKER, A. W., LAWTON, P. J.

(1981) Field trials of ceramic tipped chisel plough points- Autumn 1979. Divisional Note (DN 1064), National Institute of Agricultural Engineering, Silsoe, 24pp.

BARKER, A. W., LAWTON, P. J.

(1983) Design and initial field trials of a subsoiler with ceramic protection. Divisional Note (DN 1199), National Institute of Agricultural Engineering, Silsoe, 23pp.

BARWICKI, J., PHILLIPS, V. R.,

STAFFORD, J. V.

(1990) Methods for determining the end point of processes for mixing agricultural and food materials: a literature review and some concepts for the future. Divisional Note (DN 1569), Silsoe: AFRC Institute of Engineering Research, 42pp.

BATTAMS, V. A., BOON, C. R.

(1986) Instrumentation and calibration of the Environmental Engineering Building. Divisional Note (DN 1378), Silsoe: NIAE, 18pp.

BENSON, J. A., NEALE, M. A.

(1982) Design and testing of an automatic bunker silo top unloader. NIAE Divisional Note (DN 1121), 1982, Silsoe: NIAE 35pp.

BERRY, P. S., KETTLEWELL, P. J., TURNER, M. J. B., BENSON, J.A.

(1984) The NIAE Mk I broiler lifter - background details. Divisional Note (DN 1237), Silsoe; National Institute of Agricultural Engineering, 26 pp.

BILLINGTON, R. S.

(1984) An economic assessment of the unit operations needed for a plant processing earthworm compost and earthworm protein. NIAE Divisional Note (DN 1253), Silsoe: NIAE, 57pp.

BILLINGTON, R. S.

(1985) A review of the mathematical modelling of anaerobic digestion with particular reference to hydrolysis. Divisional Note (DN 1305), National Institute of Agricultural Engineering, Silsoe, 45pp.

BILLINGTON, R. S.

(1986) A review of the modelling of biochemical reaction kinetics with particular reference to the anaerobic digestion of lignocellulosic materials. Divisional Note (DN 1312), National Institute of Agricultural Engineering, Silsoe, 32pp.

BILLINGTON, R. S., PRICE, J. S.

(1984) An economic assessment of the worm culture stage for farm scale vermiculture systems

in the United Kingdom. NIAE Divisional Note (DN 1233), Silsoe: NIAE, 51pp.

BOON, C. R.

(1981) Comparison of variable speed with stepped full-speed fans for variable and fixed inlet sizes. Divisional Note (DN 1009), National Institute of Agricultural Engineering, Silsoe, 14pp.

BOON, C. R., BATTAMS, V. A.

(1981) Air mixing in livestock buildings - ceiling fans. Divisional Note (DN 1085), National Institute of Agricultural Engineering, Silsoe, 19pp.

BOON, C. R., BATTAMS, V. A.

(1983) Air mixing in livestock buildings - propane gas usage with ceiling fans. Divisional Note (DN 1180), National Institute of Agricultural Engineering, Silsoe, 14pp.

BOON, C. R., BATTAMS, V. A.

(1985) Natural leakage of the Environmental Engineering Building. Divisional Note (DN 1298), National Institute of Agricultural Engineering, Silsoe, 11pp.

BOON, C. R., BATTAMS, V. A.

(1987) Air mixing in livestock buildings - the efficiency of ceiling fans and radial mixing fans. Divisional Note (DN 1406), AFRC Institute of Engineering Research, Silsoe, 37pp.

BOTTOMS, D. J.

(1988) The effect of a second control task on the tractor driver's steering performance. Divisional Note (DN1468), AFRC Institute of Engineering Research, Silsoe, 28pp.

BOTTOMS, D. J., STAYNER, R. M.

(1984) An investigation of the relationship between seat index point and seat reference point for agricultural tractors. Divisional Note (DN 1235), National Institute of Agricultural Engineering, Silsoe. 51pp

BOTTOMS, D. J., WATKINS, I.

(1983) Development of equipment and experimental procedures to measure tractor drivers' steering performance. Divisional Note (DN 1207), National Institute of Agricultural Engineering, Silsoe. 29pp

BOWMAN, G. E.

(1973) Transmission of solar radiation by widespan and by multispan greenhouses. Divisional Note (DN/C/345/1021), National Institute of Agricultural Engineering, Silsoe, 26pp.

BOWMAN, G. E.

(1974) The complex permittivity of hay. Divisional Note (DN/C/532/1017), National Institute of Agricultural Engineering, Silsoe, 16pp

BOWMAN, G. E.

(1977) Alternative circuit for an infra-red radiometer. Divisional Note (DN/IR/793/04008), National Institute of Agricultural Engineering, Silsoe, 7pp

BOWMAN, G. E.

(1978) A microwave stripline sensor for moisture in forage. Divisional Note (DN/IR/926/04017), National Institute of Agricultural Engineering, Silsoe. 9pp

BOWMAN, G. E.

(1980) Moisture measurement in grain with a microwave stripline. Divisional Note (DN/IR/991/04017), National Institute of Agricultural Engineering, Silsoe, 7pp

BOWMAN, G. E., HIGGS, D. M. J.

(1978) Influence of maturity on the electrical properties of forage. Divisional Note (DN/IR/892/04017), National Institute of Agricultural Engineering, Silsoe, 12pp

BOWMAN, G. E., HUNTER, A.

(1976) The electrical properties of hay. Divisional Note (DN/C/707/1017), National Institute of Agricultural Engineering, Silsoe, 41pp

BOWMAN, G. E., WEAVING, G. S.

(1972) An inflated plastic roof for a venlo structure. Divisional Note (DN/CI/201/1021), National Institute of Agricultural Engineering, Silsoe, 7pp.

BOYCE, D. S.

(1988) Harvesting and drying combinable beans and peas - A literature study to identify research and development needs. Divisional Note (DN 1447), AFRC Institute of Engineering Research, Silsoe, 28pp.

BOYCE, D. S., AUDSLEY, E.

(1987) Evaluation of a survey method for rapidly evaluating and ranking R&D projects. Divisional Note (DN 1437), AFRC Institute of Engineering Research, Silsoe, 18pp.

BRIDLE, J. E.

(1971) An introduction to statistical decision theory and its application to agricultural engineering systems. Divisional Note (DN/CI/157/1015), National Institute of Agricultural Engineering, Silsoe, 20pp.

BRIDLE, J. E.

(1971) An electro acoustic identification system for dairy cows. Divisional Note (DN/CI/129/1015), National Institute of Agricultural Engineering, Silsoe, 12pp.

BRIDLE, J. E.

(1971) A preliminary investigation into the possible use of thermography for identification and health monitoring of cows and the detection of bruises on apples. Divisional Note (DN/CI/066/1015), Silsoe; National Institute of Agricultural Engineering, 30pp

BRIDLE, J. E.

(1972) A proposed system for the automatic milking of dairy cows. Divisional Note (DN/C/190/1015), National Institute of Agricultural Engineering, Silsoe, 24pp.

BRIDLE, J. E., SMITH, R. A.

(1974) An animal identification equipment. Part 1. Transmission circuits. Divisional Note (DN/C/467/1019), National Institute of Agricultural Engineering, Silsoe, 16pp

BRIDLE, J. E., SMITH, R. A.

(1974) An animal identification equipment. Part II. Animal carried units and reception circuits. Divisional Note (DN/C/468/1019), National Institute of Agricultural Engineering, Silsoe, 16pp

BRIDLE, J. E., SMITH, R. A.

(1974) An animal identification equipment. Part III. Control and logic circuits. Divisional Note (DN/C/521/1019), National Institute of Agricultural Engineering, Silsoe, 15pp

BRIDLE, J. E., VINCENT, P. S., BARLOW, P. F., DAWSON, J. R.

(1975) A gravimetric concentrate feed dispenser. Divisional Note (DN/C/533/1019), National Institute of Agricultural Engineering, Silsoe, 11pp.

BROOK, R. C.

(1985) Heat pumps for near-ambient grain drying. A performance and economics feasibility study. Divisional Note (DN 1308), National Institute of Agricultural Engineering, Silsoe, 26pp.

BROOK, R. C.

(1987) Modelling grain spoilage during near-ambient grain drying. AFRC IER Divisional Note (DN 1388), 1987, Silsoe: AFRC IER 20pp.

BROOK, R. C.

(1987) User's Guide to the IER near-ambient grain drying model. AFRC IER Divisional Note (DN 1384), 1987, Silsoe: AFRC IER 51pp.

BROOK, R. C.

(1987) Control system development for near-ambient grain drying. IER Divisional Note (DN1404), 1987, Silsoe: AFRC IER 60pp.

BROWN, F. R.

(1985) Measurement and control requirements in the food industry - results of a survey commissioned by MAFF. Divisional Note (DN 1281), National Institute of Agricultural Engineering, Silsoe, 25pp.

BRUCE, D. M.

(1983) A simulation of multi-bed, concurrent-flow and counter-flow grain driers. Part I. The model. Divisional Note (DN 1171), National Institute of Agricultural Engineering, Silsoe, 49pp

BRUCE, D. M.

(1983) A simulation of multi-bed, concurrent-flow and counter-flow grain driers. Part II. The computer program. Divisional Note (DN 1172), National Institute of Agricultural Engineering, Silsoe, 39pp

BRUCE, D. M.

(1984) The NIAE exposed-layer drier - description and operation. Divisional Note (DN 1230), National Institute of Agricultural Engineering, Silsoe, 29pp

BRUCE, D. M.

(1986) An experimental mixed-flow drier - description, operating procedure and data analysis. Divisional Note (DN. 1336), National Institute of Agricultural Engineering, Silsoe, 41pp

BRUCE, D. M.

(1986) The NIAE exposed-layer drier - catalogue of data and of programs for data analysis. Divisional Note (DN1311), National Institute of Agricultural Engineering, Silsoe, 37pp.

BUFTON, L. P., BROWN, F. R., GRUNDON, P. M.

(1986) Seed drill design and crop establishment. Work during 1983 and 1984 with an experimental dibber drill. Divisional Note (DN 1363), Silsoe: National Institute of Agricultural Engineering, 49pp.

BUFTON, L. P., BROWN, F. R., GRUNDON, P. M.

(1987) Seed drill design and crop establishment. Work during 1985 with an experimental dibber drill. Divisional Note (DN 1413), AFRC Institute of Engineering Research, Silsoe, 27pp.

- BUFTON, L.P., WILSON, J.M., BRANDON, G.P.
(1980) Seed-drill design and crop establishment, 1977 experiments. Divisional Note (DN/FV/972/06002/3), National Institute of Agricultural Engineering, Silsoe, 40pp.
- BUFTON, L. P., WILSON, J. M., MacFARLANE, N. A. C.
(1980) Seed drill design and crop establishment 1978 experiments. Divisional Note (DN/FV/973/06002/3), National Institute of Agricultural Engineering, Silsoe, 55pp.
- BULL, C. R.
(1988) A review of mass flow measurement techniques for particulate materials. AFRC IER Divisional Note (DN1456) Silsoe: AFRC IER 31pp.
- BULL, C. R.
(1989) A simplified model of the reflectance of near infrared radiation. Divisional Note (DN 1527), AFRC Institute of Engineering Research, Silsoe, 16pp.
- BULL, C. R., STANBRIDGE, D. A.
(1989) A NIR solid state moisture meter based on the 970nm water absorption band. Divisional Note (DN 1524), AFRC Institute of Engineering Research, Silsoe, 18pp.
- BULL, C. R., STANBRIDGE, D. A., WEAVING, G. S.
(1989) A near infrared moisture meter suitable for use on forage harvester. Divisional Note (DN 1521), AFRC Institute of Engineering Research, Silsoe, 11pp.
- BULL, C. R., WEAVING, G. S., STANBRIDGE, D. A.
(1989) The measurement of water and fat in comminuted meat. Divisional Note (DN 1522), Silsoe; AFRC Institute of Engineering Research, 12pp.
- BUNGARD, C. F.
(1984) Multicolour display panels. NIAE Divisional Note (DN 1250), 1984, Silsoe: NIAE 15pp.
- BURGESS, L. R., HALE, O. D.
(1986) The automatic sensing and rejection of foreign objects from forage swaths. AFRC IER Divisional Note 1380, 1986, Silsoe: AFRC IER 30pp.
- BURGESS, L. R., HALE, O. D.
(1988) The construction of a small rethresher for measuring combine-harvester grain losses. Divisional Note (DN 1455), AFRC Institute of Engineering Research, Silsoe, 27pp.

(1981) The design of an internal air filter and its application in a veal calf unit. Divisional Note (DN 1088), National Institute of Agricultural Engineering, Silsoe, 14pp.
- CARPENTER, G. A., FRYER, J. T.
(1982) The design of a recirculating air filter unit with a downward discharge of low speed air and its use in an early-weaner room. Divisional

Note (DN 1144), National Institute of Agricultural Engineering, Silsoe, 56pp.

CARPENTER, G. A., FRYER, J. T.

(1986) A ventilation system for batch-rearing of early-weaned pigs. Divisional Note (DN 1324), National Institute of Agricultural Engineering, Silsoe, 17pp.

CARPENTER, G. A., MOULSLEY, L. J.

(1972) An air circulation unit for the control of ventilation in a livestock building. Divisional Note (DN-FB-218-3020), National Institute of Agricultural Engineering, Silsoe, 22pp.

CARPENTER, G. A., MOULSLEY, L. J.

(1972) The resistance to air flow of materials used for ventilation in agriculture. Divisional Note (DN-FB-235-3020), National Institute of Agricultural Engineering, Silsoe, 40pp.

CARPENTER, G. A., MOULSLEY, L. J., OWEN, J. E.

(1970) A pilot section of an intensive livestock building for ventilation experiments. Divisional Note (DN-FB-015-3020), National Institute of Agricultural Engineering, Silsoe, 28pp.

CARR, A. J.

(1987) Hard materials for wear-resistant applications in agriculture. AFRC IER Divisional Note (DN 1395), Silsoe:AFRC IER 35pp.

CARR, A. J.

(1988) The wear of mullite-zirconia ceramics on laboratory abrasives. AFRC IER Divisional Note (DN.1454), Silsoe: AFRC IER 13pp.

CHALABI, Z. S., BAILEY, B. J.

(1989) Simulation of the energy balance in a greenhouse. Divisional Note (1516), Silsoe; AFRC Institute of Engineering Research, 26pp.

CHAMEN, W. C. T., CHITTEY, E. T., ARMSTRONG, M. C.

(1986) Development and assessment of a wide-span vehicle for arable crops. NIAE Divisional Note (DN 1357), 1986, Silsoe: NIAE 43pp.

CHAMEN, W. C. T., CHITTEY, E. T., GEIKIE, A., HOWSE, K. R.

(1985) The effect of different tyre/soil contact pressures on soil and crop responses when growing winter wheat. Year 2 1983-84. Divisional Note (DN 1296), National Institute of Agricultural Engineering, Silsoe, 43pp.

CHAMEN, W. C. T., CHITTEY, E. T., HOWSE, K. R.

(1988) The effect of different tyre/soil contact pressures on soil and crop responses when

growing winter wheat: Year 3 - 1984-85.
