Curriculum Area Manager – Engineering

Job Location: Nantwich, South Cheshire

Salary: M2 – M5 (£35,003 - £38,218)

Status: Permanent

Hours: Full time vacancy but flexible working options considered

This is an exciting opportunity for a highly motivated self starter to be an integral part of the College management team and play a crucial role in providing direction to the Engineering department to ensure successful outcomes for our Higher Education and Further Education learners.

We have a new £1 million plus Engineering Skills Academy with eleven fully equipped workshops and a vast range of industry standard equipment which enables us to teach Agricultural, Construction Plant and Motor Vehicle Engineering. We are the preferred training provider for many local, national and international companies including JCB, A Plant, CITB, Case IH, New Holland, Claas UK and Caterpillar. We are therefore looking for a Curriculum Area Manager to direct, engage and motivate our Lecturers to provide our learners with the highest quality experience possible.

The successful applicants will hold a post graduate / teaching qualification. Experience of at least one area of the Engineering curriculum is essential. You will have a proven track record of working effectively in HE and/or FE and have held a position with management responsibilities including leading teams, managing resources, contributing to quality improvement within your organisation and demonstrating innovation and income generation. You will also possess the interpersonal skills and vision to be an effective and engaging leader and build effective relationships with industry.
