

**Institution of Agricultural Engineers**

## **Citation for Branch Meritorious Award**

**Hugh McIlvenna**

MIAgrE

Mr McIlvenna is one of the founder members of the Northern Ireland Branch of IAgRE. He is still an active committee member supporting all the Branch activities. Mr McIlvenna is proud of his IAgRE membership and still travels to our winter programme events, regardless of weather conditions. He is an inspiration to us all and we feel that an award marking his contribution would be appropriate.
