

Institution of Agricultural Engineers

Award of Merit 2015

Roger Lane-Nott

FIAGR

Roger is the recently retired CEO of the Agricultural Engineers Association and has been a champion of the machinery equipment sector for the industry globally over the past 8 years. This has involved intense effort with the European manufacturer's organisations and the EU commission. He has also been active internationally with Agrievolution and the Agricultural Electronics Foundation.

Roger has been a leading light in the development of the LTA/Parloursafe scheme in his additional role and capacity of Milking Equipment Association CEO, which also launched the Parloursafe scheme, and has spent much time in encouraging respective colleges to work with his educational vision for engineers in the future, through various training initiatives.

Roger has worked closely with the IAGR CEO on the Agri-Tech strategy as well as UK government on funding for the centre of agricultural innovation.

Roger has forged a real partnership with the Landbased sector and has given opportunities to all that meet him chances to share and spread his enthusiasm into the various disciplines surrounding the industry.
