Career and Food Process Engineering Event – 3 March 2020

ESLC Building, University Park, Nottingham

The University of Nottingham, Careers and Employability Service in conjunction with the Faculty of Engineering will be organising a Food Process Engineering event on the late afternoon, evening of Tuesday 3 March 2020 to which we would like to invite you to participate/attend.

The event will provide leading food and beverage companies and UON alumni working within the industry the opportunity to highlight the various career and engineering opportunities within the UK's largest manufacturing industry.

All participating companies will be welcome to display samples of their food items and or services offered and to contribute to a Q&A session with students from across the Faculty of Engineering that same evening.

The event will be scheduled as follows:-

4pm onwards; – set up of exhibition

5pm-6pm; – exhibition, networking and refreshments.

6pm – panel chaired by Prof. Seamus Higgins, Course Director, MSc Food Process Engineering who will provide a 15 minute overview of the sector entitled. "Food Process Engineering and the Food Industry – Quo Vadis?"

6.15pm – 6.30pm – 3 alumni of the University will also provide a brief overview of their roles and experiences in the food sector.

6.30pm – 7.30pm – Employer attendees invited to sit on the panel as part of a general Q&A session that will be co- chaired by Prof. Nic. Watson.

7.30pm – closure.
