ACCOMODATION

List of potential hotels in Rabat and Indicative Fares

Agdal Hay Riad district: SOFITEL, 5*; Hotel View 5*; ATLAS, 4*; IBIS, 4*; le MIHAD, 3*, SMARTS Hotel, 3*

City Center: Hotel RABAT 5*, la Tour Hassan, 5*; TERMINUS 4*, Hotel DIWANE, 4* Hotel La CAPITALE; Hôtel Royal 3*

Category of Hotel	Tariffs US \$ per day	
	From	To
A (5*)	120.00	200.00
B (4*)	75.00	95.00
C (3*)	50.00	65.00
Other Moderato Price Accommodation	30.00	40.00
<i>There is very near tram line to take to reach conference venue from all hotels proposed</i>		

Post-conference study tour in the Marrakech region

Day 1: City tour

Day 2: Visit to the perimeter of Tessaout Amont - water mobilization structures and irrigated land using drip irrigation / Visits to Farms, Commodity storage and Agro processing units

Post-conference study tour in the Fez region

Day 1: City tour

Day 2: Visit to the Project aiming at safeguarding the water table of the Saïss area and / Visits to Farms, commodity storage and agro processing units

The main objective of the Project is to provide an alternative to the current overexploitation of the aquifer and local surface water resources of the Saïss Plain.

Direct withdrawals are around 769 Mm³ / year, of which 22% for drinking water supply, and 78%, for private Irrigation. The overall groundwater balance of the basin is therefore a deficit of 100 Mm³ / year for the aquifer of Saïss (Fès-Meknes). This project involves 135 km of a water transfer pipe from the M'Dez dam to the Saïss plain and provide water to irrigate an area of 30,000 ha.

The project will allow:

- Adoption of a water-saving irrigation system
- Valorization of the m³ of water consumed by the increase of the areas of high value added crops
- Intensification of agricultural development
- Improved income for farmers in the project area
