ORGANISATION	DESCRIPTION	Professional Body	Trade Association or Grouping	Government Body	Special Interest Group(s)	Charity	Certification Schemes	UK National Coverage	European Related Links	European Coverage	Worldwide Coverage	Research
IAgrE	Professional body for those applying science, engineering and technology to the land based sector. A constituent body of SocEnv (<i>op cit</i>).	■			■	■	■	■	■	■	■	
IAgrM	Institute of Agricultural Management promoting professional management in agriculture. A constituent body of SocEnv (<i>op cit</i>).	■										
ADA	The Association of Drainage Authorities represents a very broad based interest group within flood protection and land drainage. Its views are sought by Government Departments, Agencies, professional bodies and a wide range of other organisations.				■			■				
AHDB	Agriculture and Horticulture Development Board (AHDB) - an evidence-based levy board with a pivotal role to make the industry sectors we support more competitive and sustainable											
AEA	Promotes the technical, trade and commercial interests of British manufacturers and suppliers of agricultural machinery and of British outdoor power and machinery manufacturers		■					■				
AES	The Agricultural Economics Society is the world's leading associations of professional and academic agricultural economists.	■					■		■			
AFCP	The Agri-Food Charities Partnership is a grouping working together to help any person or organisation involved in UK farming & food to make best use of available charitable monies. A useful website for those looking for funding in the landbased sector.				■			■			■	
Agricultural Lime Association	The ALA represents the interests of its member companies on all issues of relevance to the agricultural lime industry.							■				
AHT	The Animal Health Trust provides specialist veterinary clinical, diagnostic and surgical services.			■	■			■				
AIC	The Agricultural Industries Confederation represents a number of sectors within the agrisupply sector including: Animal Feed; Crop Protection and Agronomy; Fertilisers; Grain and Oilseeds; Seed		■					■				
AICC	The Association of Independent Crop Consultants is a professional organisation for the truly "Independent" crop consultant.	■						■				

Useful web links from IAgRE

BSAS	The British Society of Animal Science aims to enhance the understanding of animal sciences and their integration into Animal Production.	■	■	■	■									
BSPB	The British Society of Plant Breeders members include all the major private and public sector plant breeders in the UK. The Society represents the industry as a whole on technical, regulatory and intellectual property matters. Members have interests across a wide range of crops.		■		■	■								
BSSS	British Society of Soil Science. See IPSS													
BVA	The British Veterinary Association is the national representative body for the veterinary profession.	■		■		■								
BWA	The British Waterfowl Association is an association of enthusiasts interested in keeping, breeding and conserving all kinds of waterfowl including wildfowl, domestic ducks and geese.	■			■									
Campaign for the Protection of Rural Wales	The Campaign for the Protection of Rural Wales was established in 1928 to Conserve and enhance the landscape and quality of life in the communities of rural Wales and influence change in these areas for the better.			■	■									
Career track	The Recruit Retain and Develop careers resource for Land Based Engineering. An industry supported careers resource providing information for the agricultural and outdoor power equipment Industries.					■								
CEPA	Confederation of European Pest Control Associations (CPA). Made up of national associations from European countries, CEPA is the only organisation representing the pest control sector throughout Europe to the institutions of the European Union. Website contains a comprehensive list of pest control associations worldwide.		■			■		■						
CHA	The Commercial Horticulture Association is an association of manufactures and suppliers to commercial horticulture worldwide.		■			■								
CIWEM	The Chartered Institution of Water and Environmental Management (CIWEM) is a professional and examining body for scientists, engineers, other environmental professionals, students and those committed to the sustainable management and development of water and the environment. A constituent body of SocEnv (<i>op cit</i>)	■		■										

Useful web links from IAgrE

CIWM	The Chartered Institute of Wastes Management is the professional body for waste and resource management. A constituent body of SocEnv (<i>op cit</i>)	■				■								■	
CLA	The Country Land and Business Association (CLA) is an organisation safeguarding the interests of those responsible for land, property and business throughout rural England and Wales.					■									
Cmi	Cmi Certification Ltd is one of the largest food assurance companies.							■							
CODEX ALIMENTARIUS COMMISSION	The Codex Alimentarius Commission was created in 1963 by FAO and WHO to develop food standards, guidelines and related texts such as codes of practice under the Joint FAO/WHO Food Standards Programme.					■			■					■	
ConFor	The Confederation of Forest Industries (UK) Ltd (ConFor) has been established to help build the market for timber and timber products, create a supportive policy environment for the forest industries and to help our members become more competitive and successful.	■												■	
CPA	The Crop Protection Association (CPA) represents members active in crop protection, amenity, home and garden with a strong focus on food production	■			■									■	
CPRE	Founded in 1926, The Campaign to Protect Rural England is one of the longest established and most respected environmental groups.					■									
DairyCo	DairyCo is a levy-funded, not-for-profit organisation working on behalf of Britain's dairy farmers. DairyCo is a division of the Agriculture and Horticulture Development Board (AHDB).														
Dairy UK	Dairy UK brings together dairy processors, farming representatives, co-ops and bottle milk buyers to form an organisation that embraces and gives full priority to the views and opinions of all those involved the industry.	■												■	
Defra	Department for Environment, Food and Rural Affairs			■					■						

Useful web links from IAgRE

The Douglas Bomford Trust	The Douglas Bomford Trust exists to assist the development of agricultural engineering and mechanisation through support for outstanding individuals.					■							
English Nature (Now Natural England)	English Nature now forms part of Natural England (<i>op cit</i>) a new body formed in 2006.			■									
ENQuaFor	The European Network for Qualification in Forestry			■			■		■				
Environment Agency	The Environment Agency is the leading public body for protecting and improving the environment in England and Wales			■			■						
EU Crop Associations	A 2002 report detailing EU Crop Associations (Word Document)			■					■				
EurAgEng	The European Society of Agricultural Engineers (EurAgEng) European Society for those professionals working in the appliance of science engineering and technology in the land based sector	■			■				■				
FACE	Farming and Countryside Education is committed to educational work associated with food, farming and the countryside.			■	■				■				
Farming Help	A central resource for those in the farming industry experiencing distress.			■			■						
FCA	The Forestry Contractors Association (FCA) is the major trade association for Forestry Contractors in the United Kingdom.		■		■				■				
FDF	The Food and Drink Federation (FDF) is the voice of the UK food and drink manufacturing industry. FDF promotes the industry's views and works to build consumer confidence in the food chain as a whole.		■		■				■				
Forestry Engineering Group	The Forest Engineering specialist group of IAgRE			■	■				■	■	■	■	
FEI	Forest Education Initiative (FEI) aims to increase the understanding and appreciation, particularly among young people, of the environmental, social, and economic potential of trees, woodlands and forests and of the link between the tree and everyday wood products. FEI provides learning resources about trees, forests and forest products.				■								
Flora locale	Encourages, across Ireland and the British Isles, the wise use of wild plants for planting schemes that have wildlife in mind.			■	■				■				

Useful web links from IAgRE	FOE (UK site)	Friends of the Earth (UK) is an environmental campaign group.						■	■				■		■	
	FOE (US site)	Friends of the Earth defends the environment and champions a healthy and just world.						■	■				■		■	
	Forestry Commission	The Forestry Commission is the Government Department responsible for forestry policy throughout Great Britain					■						■			
	Forestry Engineering Group	The Forestry Engineering Group (FEG) is a technical grouping within the IAgRE (op cit)	■					■	■				■	■	■	
	FPC	The Fresh Produce Consortium provides a forum within which UK importers, growers and packers, wholesalers and retailers can meet and share problems and opportunities within the produce industry.					■						■			
	Freedom Food	Freedom Food is the RSPCA's UK farm assurance scheme dedicated to improving farm animal welfare.											■		■	
	FSA	The Food Standards Agency is an independent Government department set up by an Act of Parliament in 2000 to protect the public's health and consumer interests in relation to food.											■			
	FWAG	The Farming and Wildlife Advisory Group (FWAG) provides farmers and landowners with practical advice on making adjustments to farm operations and enhancing farm features in order to support wildlife, landscape, archaeology, access and other conservation issues.							■	■				■		
	GAFTA	The Grain and Feed Trade Association promotes and protects the interests of its Members in the trade of grain, animal feed, pulses and rice worldwide.					■		■						■	
	Game Conservancy Trust	The Game Conservancy Trust conducts scientific research into Britain's game and wildlife. We advise farmers and landowners on improving wildlife habitat and we lobby for agricultural and conservation policies based on science.							■	■				■		
	guidestar.org.uk	Guidestar.org.uk is a comprehensive searchable database providing a single, easily accessible, source of detailed information about every charity and voluntary organisation in the UK..								■			■		■	
	Guild of Agricultural Journalists	Professional guild represents the collective interests of its members who include journalists, PR practitioners and other communication specialists involved in agriculture and horticulture.	■						■					■		

Useful web links from IAgRE

Harper Adams University College	As well as a wide range of land based courses, HAUC runs degree courses in land based engineering accredited by IAgrE					■							■
HGCA	The Home Grown Cereals Authority provides market information, promotes exports, helps in the development of products using UK cereals and funds research and development on behalf of the UK arable industry.		■						■				
Horticultural Development Council	The Horticultural Development Council (HDC) is a statutory body who administer the collection of an 'industry levy' to fund essential near-market research and development for the benefit of UK horticulture.				■			■	■				
Horticultural Engineering Technical Group	A specialist technical group within IAgrE	■			■	■			■	■	■		
HSE	The Health and Safety Executive is responsible for health and safety regulation in Great Britain. The Health and Safety Executive and local government are the enforcing authorities who work in support of the Commission.			■					■				
Humane Slaughter Association	The Humane Slaughter Association (HSA) is a registered charity committed to the welfare of animals in markets, during transport and to the point of slaughter.				■	■							
IAgrE	Professional body for those applying science, engineering and technology to the land based sector.	■			■	■	■	■	■	■	■	■	■
IAgrM	Institute of Agricultural Management promoting professional management in agriculture. A constituent body of SocEnv (<i>op cit</i>).	■											
IAgSA	The Institute of Agricultural Secretaries and Administrators (IAgSA) is the professional body representing those involved in any aspect of rural business administration.	■						■	■				
IAH	The International Association of Applied Hydrogeologists (IAH) is an international organisation for scientists, engineers, water managers and other professionals working in the fields of groundwater resource planning, management and protection. It was founded in 1956 and has grown, with the increasing social and environmental importance of groundwater, to a membership of more than 3800 members in more than 135 countries.				■							■	■
