

## **River Idle Catchment Partnership Agricultural Advisor**

**Salary up to £28,366pa (dependent on experience) plus pension and other benefits.**

**Based in Retford and from Home.**

**Full time, fixed term until March 2025**

**Can you help us make Nottinghamshire's water better for wildlife?**

Severn Trent Water and the Nottinghamshire Wildlife Trust are working in the River Idle Catchment to tackle pollution in watercourses. An important part of this programme is to work with farmers to reduce diffuse agricultural pollution into watercourses and to tackle water quality in Severn Trent's drinking water boreholes in the area, as well as helping to develop and deliver innovative habitat projects that will benefit our wetland wildlife.

If you have a minimum of 2 year's experience as an agricultural advisor, a relevant degree, experience of providing pollution reduction advice to farmers, a strong background in understanding water quality issues and a sound understanding of lowland farming and wetland ecology, we would be very interested to hear from you.

### **How to apply**

For more information on the role and full details on how to apply please head to our [website](#).

CVs will not be accepted. Please note that only successful applicants will be notified.

**The closing date for applications is 10am on Monday 28 June 2021.**

We are planning to hold interviews on 8<sup>th</sup> and 9<sup>th</sup> July 2021
